A: Biman Bangladesh Airlines apps on Play store

Immediately after the independence, Biman Bangladesh Airlines started its journey on 4th January 1972 with a DC-3 aircraft. After procuring two F-27s, Biman finally took-off on 7th March 1972 with domestic flights to Chittagong and Sylhet from its base at Dhaka. Shortly after, a Boeing 707 aircraft joined the airline's fleet, allowing Biman to begin international flights. By end of the Seventies, Biman had a fleet of 8 F27 and 5 Boeing 707 to serve domestic and international destinations.

JOURNEY OF BIMAN

The Eighties was the new era of building Biman fleet with new Fokker 28-4000 in 1981, wide-bodied three DC10-30s joined in 1983, one new DC10-30 joined in 1989. In early 1990, Biman phased out its aging F27 and purchased two new ATPs to serve domestic and some regional destinations. In 1996 Biman also purchased two new Airbus 310-300 from Airbus Company and phased out its ATPs in 2004.

At present the number of total aircraft in the fleet of Biman Bangladesh Airlines is 19 including the new aircraft "DASH-8" arrived on November 24, 2020.

Biman has already phased out vintage F28 and DC10-30 aircraft from its fleet as a part of fleet modernization. The airline operates its own ancillary and maintenance facilities at Hazrat Shahjalal International Airport.

MODERN ERA OF BIMAN

In order to modernize Biman fleet with new generation aircraft, Biman signed two agreements with Boeing in April and May 2008 for purchasing new generation 4 X 777-300ER, 4 X 787-8 and 2 X 737-800 aircraft. Four 777-300ER aircraft joined Biman fleet in October/November 2011, February 2014 and 21 March 2014. Two 737-800s aircraft joined Biman fleet in November/December 2015. Three Boeing 787-8 aircraft joined Biman fleet in August/December 2018 and August 2019. On 16 May 2019, 5th Boeing 737-800 arrives to join Biman fleet. 6th Boeing 737-800 arrives to join Biman fleet in June 30, 2019. Fourth new 787-8 aircraft delivered by Boeing on September 2019. Biman Bangladesh Airlines, the national flag carrier, has also added two brand new Boeing 787-9 Dreamliners with the latest technology to its fleet. The first 787-9 Dreamliner "SHONAR TORI" aircraft was added to the fleet on December 21 and the second Boeing 787-9 Dreamliner "AWCHIN PAKHI" on December 24, 2019.

Operating Area

Currently Biman is operating 07 domestic and 16 international destinations. Biman is in a bid to operate more domestic destinations, as such procuring two Turbo-Prop aircraft.

To provide better services to the customer along with Web portal Biman also initiated "Biman Mobile Aps" where anyone can purchase their ticket easily.
